

PRO-LINE® HP

Liquid paint marker
for oily surface marking

PRO-LINE® HP is a liquid paint marker developed for superior marking performance on oily and greasy surfaces. The high performance paint penetrates through oils and greases to dry quickly and leave a bold, permanent mark that is wear-, weather-, and fade-resistant.

- Unique paint formula resists spreading and dries quickly through oily surfaces to leave precise, permanent marks
- Xylene-free paint reduces user health risks and eliminates California Proposition 65, EPA HAPS and SARA 313 concerns in the U.S.A.
- Durable metal barrel and nib reduce breakage for longer marking life
- Easy-to-grip clip-cap allows for convenient pocket storage
- Marking range: -50°F to 150°F (-46°C to 66°C)
- Made in U.S.A.

Industry Uses:

- Metal fabrication
- Automotive and other transportation
- Industrial manufacturing
- Steel mills and warehouses
- Oil and gas
- Construction
- Aviation and aerospace

Surface Uses:

- Steel and iron
- Aluminum
- Pipes and tubes
- Plastic
- Rubber and tires
